7. While recognising the right of parents/guardians to enrol their child in the school of their choice, the Board of Management also has a responsibility to respect the rights of the existing school community and in particular, the children already enrolled. This requires balanced judgements. Which are guided by the principles of natural justice and acting in the best interest of all children. Assisting the school in such circumstances, the Board reserves the right to determine the maximum number of children in each separate classroom bearing in mind:

- a. Size of / available space in classroom.
- b. Educational needs of children of a particular age.
- c. Multi-grade classes.
- d. Presence of children with special educational / behavioural needs.

8. In event of the number of children seeking enrolment in any given class / standard exceeding the number of places available preceding or during the school year (due to the Board being unable to provide suitable accommodation or recruit the required teaching staff) the following criteria will be used to prioritise children enrolment.

-
- Brothers / Sister (including step-siblings, resident at the same address) of children already enrolled – priority to oldest.
 - Children living within the parish – priority to oldest.
 - Children of current school staff – priority to oldest.
 - Children whose home address is closest to the school (as measured by a straight line on an OS map) if the child is normally resident outside the parish.

9. Junior Infant pupils are registered on the first day of the school year and no later than September 30th.

The Board places responsibility on parents / guardians to ensure that their child(ren) co-operate with said policies in an age-appropriate way. In accordance with the D.E.S. Rules for National Schools, a child may be suspended for non-compliance with the above. These policies may be added to and amended from time to time.

Medication

13. Parents are asked to inform the school in writing if their child suffers from any long term or short term illness and if their child is on medication. No teacher can be required to administer medicine or drugs to a pupil. A teacher who, with the consent of the BOM, does take on the responsibility for administering medicines takes on a heavy duty of care to discharge the responsibility correctly.
